Education

Sylhet International University, Sylhet, Bangladesh **Expected June 2026**
B.Sc. in Computer Science and Engineering
Currently in the final semester.

Research Publications

- Towards an XAI-Enhanced Machine Learning Framework for Unmasking Cybersecurity Threats with Intelligent Feature Scoring in Telesurgery. Paper – Presented at QPAIN 2026.
- BNFF-WaveGraph: A BiDirectional Node Fusion–Fission Hybrid Deep Learning Architecture for Android Malware Detection. Paper – Presented at the 11th IEEE WIECON-ECE 2025.
- Genetic Algorithm with Optimised Extra Tree Ensemble for Enhanced Intrusion Detection in IoMT Networks. Paper – Presented at the 11th IEEE WIECON-ECE 2025.
- Towards a Machine Learning-Enabled Framework for Cybersecurity Threat Detection in Telesurgery. Paper – Presented at IEEE CS BDC Summer Symposium 2025.

Work Experience

Junior Shopify Developer **Oct 2025 – Present**
ArtifyLab (UK Registered Company), Remote
- Develop custom Shopify themes using Liquid, JavaScript, and CSS for international clients.
- Optimize store performance and improve user experience.
- Integrate third-party APIs and applications to extend store functionality.
- Collaborate with designers and clients to translate business requirements into technical solutions.

Projects

- **Thyroid Cancer Prediction Using Machine Learning**
  - Built a predictive classification model to detect thyroid cancer with high accuracy and recall.
  - Performed data cleaning, feature engineering, and model evaluation.
  - Compared multiple ML algorithms and analyzed performance metrics.
  - **Tech Stack:** Python, Pandas, NumPy, Scikit-learn, Matplotlib.
- **Medical Information Hub for Sylhet**
  - Developed a centralized web platform listing doctors, clinics, and medical services.
  - Designed a searchable database and responsive UI.
  - Implemented backend logic for managing healthcare data.
  - **Tech Stack:** HTML, CSS, JavaScript, Bootstrap, MySQL.
- **SIU ICT Fest 2025 Official Website**
  - Led full-stack development of the official ICT Fest website.
  - Integrated registration forms and dynamic content updates.
  - Ensured responsive design and optimized performance.
  - **Tech Stack:** HTML, CSS, JavaScript, Bootstrap.
- **E-commerce Pharmacy Website**
  - Developed a functional e-commerce platform for pharmaceutical products.
  - Implemented product browsing, cart system, and order management.
  - Designed user authentication and database integration.
  - **Tech Stack:** HTML, CSS, JavaScript, MySQL.

Technical Skills

Languages:	Python, C++, Java, JavaScript
Web Technologies:	HTML, CSS, Bootstrap, Liquid
Machine Learning:	Scikit-learn, Pandas, NumPy, TensorFlow, PyTorch
Databases:	MySQL
Tools & Platforms:	Git, GitHub, VS Code, Shopify

Online Problem Solving

- Solved 500+ algorithmic problems.
- Codeforces: Fuad$_{H}asan$43
- LeetCode: fuad43002

Achievements and Extracurricular Activities

- **Coder of the Month** – CSE Department, Sylhet International University (Feb 2025).
- **Assistant General Secretary**, SIU CSE Society (May 2023 – June 2024).
- 1st Runners-Up – SIU ICT Fest 2025 IUPC.
- ICPC Dhaka Regional Onsite Contest (2023).
- Multiple Inter-University Programming Contest Participant.
- Campus Ambassador – Futurenation (UNDP).
